Pritulsky Fund & Scholarship

To Whom It May Concern,

I have had the pleasure of instructing Stephen Petrie for the last year in the Interior Design program at Northern Arizona University. Stephen was enrolled in my ID461 Senior Studio course. I am an instructor for the Interior Design program and a current interior design practitioner.

Stephen has impressed me with his ability to tackle all projects put before him, he has shown maturity and commitment in his studio work. Not only have I been his instructor for Senior Studio, but I had the pleasure of working with him on a Field Work Project that began in April 2019. He was selected amongst his peers along with one other senior student to work with Architect, Mike Bowers from Sedona, Arizona. It is a restoration project for the House of Apache Fire located in Red Rock State Park. Stephen was responsible for meeting with nonprofit committee members, complete on-site measurements of the existing structure and to create presentation drawings, renderings and a virtual tour that will assist with fundraising for this important project. He has successfully met his deadlines and commitments to this extracurricular project while keeping up with the demands of the Interior Design program.

His Senior Studio Healthcare Team Project won first place for best project with his peers, faculty and professionals that were invited to vote on all the senior projects. His team will be submitting their excellent work to the 2020 IIDA Student Competition this month.

Stephen is a positive resource for the younger students and keeps us all informed of current ASID events as the president of our student chapter.

I recommend Stephen Petrie for all scholarship opportunities. He shows dedication to the Interior Design program and is a responsible, talented and motivated designer who will work hard towards any endeavor set before him. Please let me know if I can answer any other questions. I may be reached on my cell at 928.301.1002.

Sincerely,

Sheri Mleynek
